	Flathead Catfish	Up to 13	8 ounces per week (1 meal/week)
		24+	8 ounces per week (1 meal/week)
	Golden Redhorse	14+	0
	Smallmouth Bass	13+	0
Flatrock River	Carp	Up to 23	2 ounces per week (1 meal/month)
		23+	0
	Flathead Catfish	Up to 18	8 ounces per week (1 meal/week)

*Sensitive populations include: pregnant or nursing women, women that will become pregnant, and children under 6 years of age. These consumers should use caution when eating some types of sportfish.

**The maximum amount for adults to eat is determined by fishing location, species and fish length. For instance, if you eat the maximum amount of one species during a week, you should not eat any other fish which has a consumption limitation until the following week. Example - if you eat the limit (4 ounces) of a 20 inch long Carp from the Easy Catch River, then you should not eat any other sportfish from the list until the following week.
