	Channel Catfish	ALL	0
	Flathead Catfish	21+	0
	Paddlefish	34+	0
	Sauger	13+	0
	Smallmouth Buffalo	ALL	0
Wea Creek	ALL SPECIES	ALL	0
Wildcat Creek	ALL SPECIES	ALL	0

*Sensitive populations include: pregnant or nursing women, women that will become pregnant, and children under 6 years of age. These consumers should use caution when eating some types of sportfish.

**The maximum amount for adults to eat is determined by fishing location, species and fish length. For instance, if you eat the maximum amount of one species during a week, you should not eat any other fish which has a consumption limitation until the following week. Example - if you eat the limit (4 ounces) of a 20 inch long Carp from the Easy Catch River, then you should not eat any other sportfish from the list until the following week.
